Re: Estate of Rita Peraza

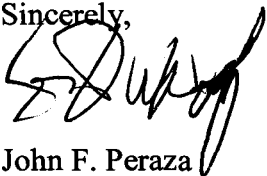

Dear Scott:

Thank you for helping me with the probate of my mother's estate. I know my case wasn't easy and I appreciate the help you and your staff provided me.

You may remember my brother made things very difficult trying to find a way to buy my mother's home and even threatening to stop the sale if he couldn't buy it. My mother's home was pretty much the whole estate and there was no way my sisters, brother and I would get our fair share of the estate if it couldn't be sold. You helped me to get the home sold and stopped my brother from interfering in the sale of the home.

I learned first hand how important it is to have the right probate lawyer. You helped me take care of a bunch of problems and stopped some problems from coming up. I recommend you and your firm to anyone who needs an excellent probate lawyer.

Sincerely,
